

## Job Specification – UK IT Partnering Squad Intern

ING's purpose is 'Empowering people to stay a step ahead in life and in business'. Every ING colleague is given the opportunity to contribute to that vision. We champion self-reliance and foster a collaborative and innovative culture. The Orange Code is our global manifesto for how we stay true to our purpose and our tradition of reinvention and empowerment. It is made up of **ING Values** (we are honest; we are prudent; we are responsible) and **ING Behaviours**: (you take it on and make it happen; you help others to be successful; you are always a step ahead). For us, success will only be achieved if we act with **Integrity**.

Some companies see diversity as a box to be ticked. We see it as fundamental to our success and we encourage a proper work/life balance. At ING, you'll only be judged on your performance in line with the Orange Code. And that's a promise.

### Core Information

<b>Job Title:</b>	Intern
<b>Business/Function:</b>	Wholesale Banking UK IT
<b>Department:</b>	PartnerING Squad
<b>Line Manager:</b>	Gary Whipp – Chapter Lead
<b>Core Hours of Work:</b>	Full Time 9am – 5pm
<b>Internship Programme</b>	9 month paid internship programme running from September 2020 to June 2021.
<b>Status:</b>	Temporary
<b>Required start date:</b>	September 2020

### Job Specification

#### Overview:

This is not just a role in the IT department, this is an internship programme. You will be required to participate in organising charity and social events taking place in the bank as a team. You will also get a lot of support in learning about Wholesale Banking and laying the foundations for a professional future career. We are looking for an enthusiastic team player to get stuck into all of the intern tasks.

The PartnerING Squad manages applications used within the Finance and Payments departments of the Bank. These include bank of England reporting, expense and purchase order processing and inter-bank payments, amongst other important pieces of software. The squad works closely with the business community to provide secure and stable solutions, whether they be third party or in-house build. The squad is split between London and Mumbai and works using Agile methodology. The squad is moving to Cloud hosting and automated deployment and testing.

#### Main Duties and Responsibilities of Role:

- Collaborate with enhancements and maintenance to applications.
- Help provide support to end users and IT staff.
- Contribute to finding solutions to business opportunities or problems.
- Maintain rigorous IT Risk controls.

- Working with the rest of the interns to put together 'meet the manager' sessions amongst the managers, networking events and product sessions;
- Thinking of ideas for charity events for the London office and taking them on and making them happen!

### Career Potential

This role provides an excellent opportunity to gain an introduction to working within the IT department.

### Candidate Profile

#### Qualification/Education

Essential: A recent graduate or currently in final year of a Computer Science or related degree.

#### Experience/Knowledge

Desirable: Experience with User Experience and IT Support.  
Familiarity with agile development practices.  
Experience with using programming tools and MS SQL Database  
Experience with c#

#### Personal Competencies

Essential: Good written and verbal communication skills  
Solution orientated, proactive and adaptable style  
Ability and enthusiasm to learn new skills  
Well organised and attentive to detail  
Strong inter-personal skills and ability to co-operate well with others  
Someone who will also play a big part in the intern team, representing UKIT Department  
Proactive.  
Professionalism.  
Ability to execute tasks independently and manage/prioritize workload.  
Willingness to learn.  
Good PC skills, including a working knowledge of Word, Excel & Outlook.  
A team player who has the ability to develop strong relationships with clients, candidates and colleagues.  
Someone who will also play a big part in the intern team and represent the department well.
